Forecast For Dumfries, Galloway, Lothian & Borders
Issued by Met Office Aberdeen
at 0400 on Wednesday 13 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Cold, Rain turning to snow as it spreads east.

Today:
Bright morning in east, but rain in west edging eastwards, possibly freezing at first and turning increasingly to snow as it spreads into the Borders and West Lothian.. Maximum temperature 4 deg C (39 deg F).

Tonight:
Cloudy with further outbreaks of rain, still the chance of snow over the higher ground in the Borders and this could bring some travel disruption overnight. Minimum temperature 0 deg C (32 deg F).

Thursday:
Cloudy with outbreaks of rain, still some sleet or snow across the higher ground in the east but fizzling out in the afternoon as the southwest brightens up. Maximum temperature 5 deg C (41 deg F).

Outlook for Friday to Sunday:
Dry start Friday, but rain, in the afternoon lasting into Saturday morning, becoming drier, brighter in afternoon. Sunny intervals and a few showers on Sunday.
